A Partnership Opportunity with OWNS Ocular Wellness & Nutrition Society

The Board of Directors of the Ocular Wellness & Nutrition Society would like to express our gratitude to the companies who have stepped up with support for our cause. Every organization needs financial support and these companies have come through with educational grants that allow us to do our work. We sincerely appreciate their contribution.

WHO WE ARE

The purpose of OWNS is to:

- a. To promote excellence in the care of optometric patients through nutritional support of eye health and the prevention and control of eye disease.
- b. To monitor and disseminate nutrition research, sponsor professional symposia on current nutritional topics and generate materials to educate professionals about the roles of nutrition in health.
- c. To provide an atmosphere where optometric professionals can exchange ideas and concepts regarding nutritional influences on vision.
- d. Provide a resource pool of experts who can offer clinically relevant studies that support the role of nutritional products in the treatment of eye disease.
- e. To encourage the inclusion of nutrition education and research in the curricula of optometry schools.
- f. Student opportunities: Opportunity to provide a student program at OWNS student clubs annually: OWNS to promote, facilitate and coordinate with students; company to provide content, any direct associated costs, and implementation of the program.
